HISTORY OF WEST PARK

INCORPORATION

The previously unincorporated neighborhoods of West Park embarked on the road to incorporation in June, 2004, after the Florida Legislature Adopted House Bill 1491, which provided for an election on November 2, 2004. Following a vote of 3,400 to 956 for incorporation, West Park was on its way to becoming Broward County's 31st City.

After the election, residents elected an interim transition committee and held a series of workshops to gain input on the level of municipal-type services to be provided. It was decided that the new municipality would be known as West Park.

FORM OF GOVERNMENT

The City of West Park is a "Commission-Administrator" form of government. The Commission is vested with all legislative powers of the City, consisting of four members and the Mayor. The administrator (City Manager) is the Chief Administrative Officer of the City. The City Manager is responsible for the administration of all City affairs.

On March 8, 2005, Eric H. Jones, Jr., was elected Mayor and four Commissioners were elected: Felicia M. Brunson, Thomas W. Dorsett, Sharon Fyffe and Rita "Peaches" Mack. They were sworn in as the municipality's first elected leaders on March 10, 2005, and guided West Park's transition from an unincorporated area governed by the County to a fully functioning, independent City.

On November 3, 2020, Mayor Felicia M. Brunson was elected the first female Mayor of the City. As one of the City's first Elected leaders in 2005, Mayor Brunson also served the City as Vice Mayor and Commissioner before becoming the Mayor.

Regular City Commission meetings are held the first and third Wednesday of the month.

Ref: Adopted Fiscal Year 2024-2025 Budget

Dear Mayor, Vice Mayor, Commissioners, and Residents:

In accordance with Section 4 (4) of the City's Charter, I am submitting this adopted Fiscal Year 2024-2025 Budget. As in years past, the budget being delivered is balanced, and it includes the technical historic information that influenced the revenue projections and adopted expenditure.

The filing of the adopted Budget for Fiscal Year 2024-2025 represents my fifteenth year budget as City Manager. This budget is particularly special because fifteen years ago, the percentage change in taxable value was -8.90%, while today it has increased to 12.80%. We achieved the top three highest percentage change in taxable value in the County and the second highest increase in Net Percentage Change among all cities in the County, of 12.15% (one of only two cities in double digits in net percentage change in property values). The taxable values have now increased to \$1,045,936,447.00, thus the proposal to keep the millage rate at 8.20 mills per \$1,000.00 of assessed value.

As we approach the City's 20th anniversary in March 2025, we should celebrate all our accomplishments since inception with pride, a product of a fruitful collaboration among residents, business owners, elected officials, advisory committee members; and staff. We have established ourselves as a city with quality standards, a vibrant residential community with an excellent government, valuable unique culture, stable finances, and outstanding recreational programs and infrastructure. With emphasis on the 20th Anniversary, the following are twenty (20) of the major accomplishments, with pride:

LOOKING BACK:

1. ESTABLISHED THE WEST PARK COMMUNITY NEWSPAPER:

In our efforts to improve communication with residents and businesses, we established the West Park Community Newspaper in 2011, which has served as a forum to showcase our services, operational activities, and businesses at a time when we need to promote investment in the community, and attract new businesses.

2. OPENED THE CITY'S FIRST CITY HALL:

We celebrated an exciting milestone in West Park's history with the grand opening of our City Hall and Commission Chamber in 2011. Our administrative offices moved and began operations in the New City Hall at 1965 South State Road 7, West Park, Florida on April 1, 2011.

3. EARNED NATIONAL RECOGNITION AS "PLAYFUL CITY USA":

The City was recognized and designated as a Playful City USA municipality. This national recognition honors cities and towns that make play a priority and use innovative programs to get children to be active, playing and healthy.

4. STATE ROAD 7 DESIGNATION AS WEST PARK BOULEVARD:

To further recognize the City's progress in Broward County, in 2012 the State Legislature codesignated State Road 7 and West Park Boulevard.

5. ESTABLISHED THE YOUTH COUNCIL:

In our efforts to provide beneficial activities and opportunities for our youth, we created the Youth Advisory Council to provide a forum for our youth to acquire greater knowledge and appreciation of the American political system through active participation. Our Youth Council Program has focused on leadership, community involvement, teamwork, and fun.

6. ESTABLISHED THE WEST PARK EXPLORER PROGRAM:

The West Park Explorer Program is another youth program that was established to foster community involvement and to provide opportunities for our youth. The West Park Explorer Program is open to high school students through college aged young adults from West Park, who may be thinking about a career in law enforcement.

7. ESTABLISHED THE SENIOR PROGRAM:

Our Senior Program evolved from the Senior Citizen Advisory Committee that was established in the City's early years. In 2011 we started offering an array of services such as health and wellness activities, field trips and computer classes. The computer classes allowed participants the ability to navigate the Internet and learn necessary computer skills taught in a way that is easy to understand. In our continued efforts to increase services to our seniors, we partnered with Areawide Council on Aging of Broward County and Broward Meals on Wheels to start providing community-based services to preserve elders' independence, while serving lunch to seniors 60 years and older at McTyre Park.

8. ESTABLISHED THE YOUTH CRIME PREVENTION PROGRAM:

The Youth Crime Prevention Afterschool & Out-of-School programs were established in an effort to continue providing opportunities that would deter criminal behavior amongst our youth. For the past eleven years, the Children's Services Council of Broward County (CSC) realized the need to provide funding for the much needed services for the youth in our community.

9. COLLABORATED WITH BROWARD COLLEGE FOR THE BROWARD COMMUNITY INITIATIVE:

In collaboration with Broward College, the goal of this program is to increase college access and attendance; improve degree and certification attainment; and to holistically raise social and economic mobility. The City executed a collaborative agreement with Broward College to:

- Design and deliver Broward College on-site workshop courses and programs for West Park residents and staff;
- Deliver certificate training at identified City locations aligned to employment within the area;
- Create entrepreneurial programming for City residents, to include Start Up Now Accelerator, and offer entrepreneur readiness workshops for residents.

10. ESTABLISHED THE COMMUNITY SUPPORT PROGRAM:

This program was set up to receive funds from the Community Benefit Plan provided by developers who partner with the City. The funds are used to provide benefits to residents through the Minor Home Repair Grant Program; Childcare Assistance Grant Program; and the Tree Trimming Grant Program.

a. **Minor Home Repair Grant Program:** This program is designed to provide a forgivable loan to eligible residents for home repair projects. In an effort to ensure owner occupied units

- are not sold or rented for a three-year period, applicants are required to sign an agreement with the City.
- b. **Childcare Assistance Grant Program:** This program provides financial assistance to eligible families to pay for quality child care. The maximum grant award is \$600 per applicant.
- c. **Tree Trimming Grant Program:** This program was established to mitigate negative effects associated with trees encroaching on existing Florida Power and Light power lines.

11. INFRASTRUCTURE IMPROVEMENTS & FUNDING INITIATIVES:

Over the last 20 years, we have been able to secure funding from Federal, State and Broward County to fund infrastructure improvement projects and programs. Funding opportunities through programs and agencies such as the U.S. Department Environmental Protection Agency; U.S. Housing & Urban Development; Federal Emergency Management Agency; Florida Department of Environmental Protection – Florida Recreation Development Assistance Program; Florida Department of State – Arts & Culture Development; Florida Department of Law Enforcement; Broward County Transportation Surtax; Broward County Community Development Block Grant; Broward Redevelopment Program; and Broward County Transit, provided multimillion dollars over the years for improvements such as SW 56th Avenue Complete Street; SW 40th Avenue Complete Street; SW 25th Street Complete Street; and County Line Road, just to name a few.

12. ESTABLISHED THE FREE FRESH FOOD DISTRIBUTION PROGRAM:

The Monthly Free Fresh Food Distribution consists of produce and dry, shelf stable food giveaways. In partnership with Farm Share and Feeding South Florida, we commenced the distribution of free fresh fruits and produce monthly. The types of fresh produce normally distributed include sweet potatoes, watermelon, cabbage, cucumber, squash, lettuce, onion, tomatoes, protein (chicken, beef pork, fish) and sometimes beverages and canned foods. The distribution locations varied from McTyre Park, Mary Saunders Park and City Hall.

13. ESTABLISHED THE SMALL BUSINESS "MOM & POP" GRANT PROGRAM:

In our continued effort to invest in local businesses, we now offer the "Mom & Pop" Small Business Grant Program. This grant program is funded through revenues received from Business Tax Receipts. The program is created to provide financial and technical assistance to qualified small businesses that meet the eligibility criteria as provided in the grant application.

14. RECOGNIZED THE CITY'S PIONEERS:

In 2015, we recognized the need to identify notable individuals who pushed boundaries to advance the idea of the new City now known as West Park and the first elected officials who served the City. These women and men experienced success that we enjoy today by overcoming great challenges. The recognized longstanding residents include: Blanche Jones; Doris Newton; Dr. Gay Outler; Eric H. Jones; Thomas Dorsett; Felicia M. Brunson; Sharon Fyffe; Rita Mack; Mary Kendrick; and Pat Prutzman.

15. PURCHASED THE CITY'S FIRST EMERGENCY MEDICAL SERVICES TRUCK (AMBULANCE):

In the spirit of continuing to increase the quality of service to our residents, the City purchased its first new 2016 rescue (Ambulance) truck. In 2024, the City authorized the purchase of the second ambulance as replacement. As a City of positive progression, we consider this purchase vitally important to the health, welfare and safety of our residents.

16. DEVELOPED ADDITIONAL PARK FACILITY – WATER TOWER PARK:

This initiative started in 2014 with the letter of intent to purchase a parcel of land located west of 3920 SW 38th Avenue in West Park (Folio Number: 5142-30-07-1052) from the County. In order to meet level of service standards for the population required by the County and the City's Comprehensive Plan, the City needed to provide 43.8 acres of parks and open spaces for a population of 14,609 in 2012, per the U.S. census. With the City's two existing parks totaling approximately 22.3 acres and no other public or private facilities, the level of service is just 1.6 acres per 1,000 residents for the current population. The addition of Water Tower Park added

0.28 acres of City park space, thus making it a step toward the City meeting the 3 acre per every 1,000 residents' requirement. This new park features playground equipment with a shade structure, picnic bench, and barbeque grill. The park construction was completed in 2019.

17. ESTABLISHMENT OF AND THE EXPANSION OF THE TRANSIT ORIENTED CORRIDOR:

In the earlier years of the City the Transit Oriented Corridor (TOC) was established. In 2018, the administration initiated the expansion of the TOC. This initiative allowed for the expansion of the present-day boundaries of the TOC to include a grass acreage of the amended property of approximately 231.58 acres. The rationale for the expansion of the boundaries seeks to:

- Increase the City's stock of commercial land use to reduce the burden on residential property tax payers, who presently carry the majority of the burden of paying for City-related expenses,
- Facilitate the aggregation of land for "Smart", transit oriented development,
- Provide the City with destination scale development opportunities to increase the tax base,
- Enhance the quality of life of residents by providing greater access to nearby goods, services and jobs,
- Increase the image and brand of the City, and
- Generate opportunities to investors and local businesses to invest in the City in a manner that provides greater economic sustainability and return on investment.

18. PUBLIC PRIVATE COLLABORATION FOR COMMERCIAL DEVELOPMENTS ALONG THE TRANSIT ORIENTED CORRIDOR:

In 2019, the City adopted Transit Oriented Corridor (TOC) zoning guidelines and districts for commercial areas along State Road 7, Pembroke Road and Hallandale Beach Boulevard. The establishment of the TOC zoning districts provides a road map for long-range sustainable development along these City's major commercial corridors. Through a public-private collaborative process the same year, a site plan was Adopted for the construction of a mixed-use, pedestrian oriented development at 5690 Pembroke Road. The development was successfully completed by Wilferz Company, LLC. In February 2021, the City issued approval for the second commercial development at 5000 Pembroke Road, in collaboration with Wilferz Company, LLC. This now completed office development encompasses all of the design guidelines of the TOC zoning district including building development close to Pembroke Road, parking in the rear of the building and enhanced landscaping throughout the project. To continue spurring development along the TOC corridor, in October 2023, the City issued approval for the third mixed-use development at 2417 South State Road 7. The Adopted commercial development project will contain all of the sustainable development guidelines associated with the Transit Oriented Corridor zoning district. The developer (Wilferz Company, LLC) is required to hire local businesses to participate during construction, to employ local residents in the newly created businesses, and to contribute to the City's Community Benefit Fund to facilitate resident improvement initiatives, like prior developments.

19. ESTABLISHED THE INFILL LOT AFFORDABLE HOUSING DEVELOPMENT INITIATIVE:

Affordable housing has far reaching impact on economic growth, opportunity, social mobility and equity. Housing costs represent the single largest component of total household expenses for most families and households. Recognizing these impacts, in 2019, we established the Infill Lot Affordable Housing Development Initiative for five (5) vacant lots, in collaboration with Broward County. Following a formal procurement process, the City selected two non-profit affordable housing development firms to participate in the City's Infill Lot Affordable Housing Development initiative. As part of this public-private collaboration, the City provided vacant lots for the construction of new, single-family affordable homes in accordance with Housing and Urban Development guidelines. As part of our collaboration with the County, the County provided preconstruction expenditures in an amount up to \$20,000 per lot. To further ensure home affordability, future homebuyers will receive down-payment and closing cost assistance in an amount up to \$80,000 as part of a Broward County homebuyer assistance program. The newly constructed homes will consist of the highest quality materials and will contain both three and four bedroom designs with a two-car garages. The completed project will provide a vital asset to

the surrounding community and long-term housing affordability for new homebuyers. The five developed single family homes are scheduled to be completed by the second quarter of FY2025.

20. REACTION TO PERIOD OF TREMENDOUS ECONOMIC CONSTRAINT:

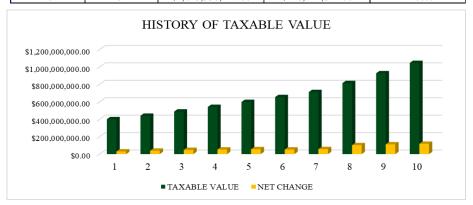

During a period of tremendous economic constraint, which saw the City's tax base decline to a point lower than it was when the City was first incorporated, the City's financial health has been maintained through tough decision making and a commitment to keeping the City's financial health sound. During the periods of rapid tax base growth, the City opted to set aside those increased funds so that its finances could be sustained during any economic downturn. Even with the nation's very difficult financial circumstances, the City found creative ways to increase revenue and reduce expenses, thus maintaining a very good financial position for the near term.

LOOKING FORWARD:

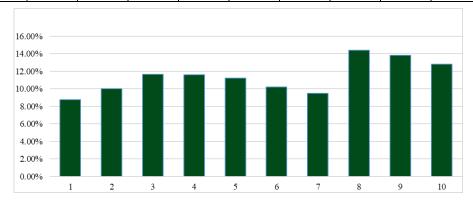

It should be noted that the City achieved a positive percentage change in taxable value for the last twelve appraisal periods. The City's 2024 percentage change in taxable value is 12.80%, one of the highest percentage change in taxable value since incorporation. The City also realized the second highest net percentage change in taxable value among all cities in the County at 12.15%. This is a remarkable accomplishment, considering the nation's downturn in the economy from 2008 to 2012, when the City realized the largest drop in property value countywide at ~8.9%.

BUDGET HIGHLIGHTS:

The Adopted budget is balanced and sufficient to meet FY 2024~25 operating goals. I am confident that the City's financial resources are being maximized. To that end, I am pleased to submit this Adopted Fiscal Year 2024~2025 General Fund Budget of \$23,084,617.00 based on an ad valorem taxation millage rate of 8.20, a total of \$12,063,468.00 from other funding sources (Twin Lakes Special Revenue Fund; Storm Water Special Revenue Fund; American Rescue Plan Act Fund; Grants Fund; and Transportation Surtax Grant Fund for a grand total of \$35,148,085.00. It should be noted that projects funded by grant funds will be performed over multiple years (approximately 5 years). The following provides a brief financial overview and highlights of the adopted budget.

HISTORY OF TAXABLE VALUE:

This year, the City experienced one of the highest net percentage change in taxable value in Broward County of 12.80%, with the estimated taxable value of \$1,045,936,447.00.

AD VALOREM TAX REVENUE OVERVIEW:

Ad valorem tax revenue is a function of the adopted ad valorem taxation millage rate applied to the property tax base for commercial and residential property in the City of West Park. The commercial property has both real property and personal property components to which the millage rate is applied. Commercial real and personal property and residential real property tax bases are assessed, compiled and reported by the Broward County Property Appraiser.

COMMERCIAL PROPERTY TAX BASE:

The commercial property tax base of the City is projected to increase for FY 2024-2025. For the purpose of this illustration, all non-residential properties are considered commercial. The commercial tax base that comprises real and personal property increased from \$259,134,617.00 last year to \$259,546,110.00 this year, which is a 0.16% overall increase. This 0.16% or \$411,493.00 is a healthy increase in commercial property tax base.

RESIDENTIAL TAX BASE:

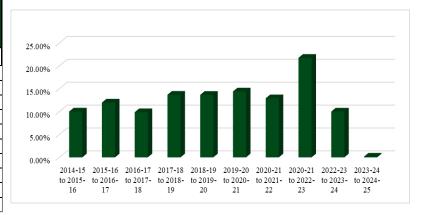

The residential property tax base of the City continues to increase for FY 2024-2025. The residential assessment increased by \$92,295,020.00 or 13.81%. The City is realizing the twelfth consecutive growth in property tax base since the nationwide real estate crash. The City's property tax base declined between FY 2008-09 and FY 2012-13. The residential tax base for FY 2023-2024 was \$668,303,060.00, while the FY 2024-2025 residential tax base is \$760,598,080.00.

COMMERCIAL vs. RESIDENTIAL CHANGES:

With the City's landscape of mostly residential properties and a commercial area in its infancy, a dominant residential tax base is expected of the City. The FY 2024~25 residential tax base is \$760,598,080.00 versus the commercial tax base of \$259,546,110.00. For FY 2024~25 residential taxable value increased by 13.81% from last year, while commercial taxable value increased by 0.16%.

NON-AD VALOREM TAX REVENUE OVERVIEW:

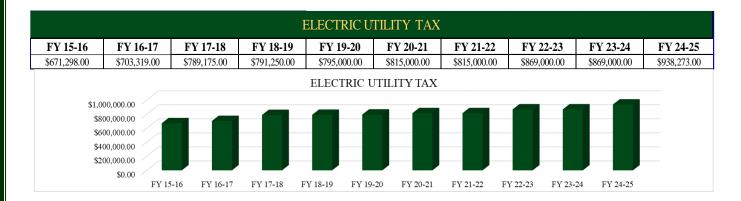

Communication Services Tax

This source of revenue started fluctuating since Fiscal Year 2009-10. This trend is attributed to more people abandoning their traditional home telephone lines and either solely relying upon their mobile phones or using their internet connection for phone services. Competition and source bundling have also reduced this revenue source. We expect to see this revenue stream slowly decline or become somewhat stagnant over the foreseeable future. The chart below shows the revenue trend over the past years and a slight increase is forecast for FY 2024-25 again.

Electric Utility Tax:

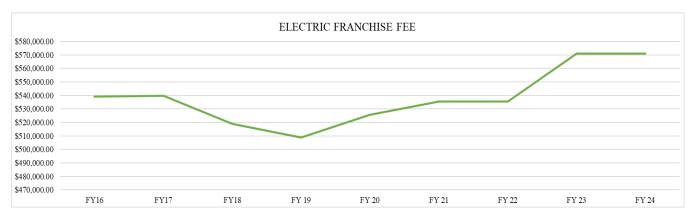

Weather plays a sizeable role in energy consumption. If the weather becomes unusually hot or cold, we may see this revenue increase. The chart below shows the revenue trend over the past few years. While this source of revenue shows an increase in prior year's revenue, we are forecasting another increase for FY 2024~25.

Electric Franchise Fee:

The amount the City receives each month is reflective of both the weather and the rates charged primarily by Florida Power and Light. The dashed line around the \$500,000 level indicates the trend line over this period. The winter months tend to be the periods of least consumption and therefore less tax while summer months generally generate more consumption and tax. Both the seasonal and yearly totals can be volatile, but this revenue source is constant and does not tend to grow over time. Energy use by both businesses and residences has gotten more efficient, but that is partly offset by higher rates.

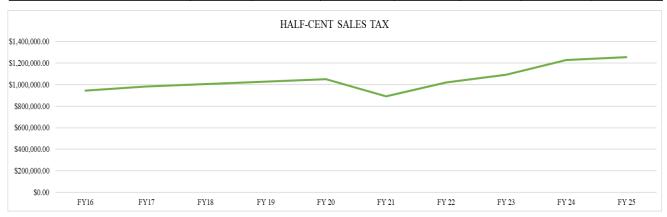

Half-Cent Sales Tax Distributions

The State of Florida collects money from taxable sales throughout the State. Part of the collections are remitted back to local governments based upon a formula that is largely population based. The City's population has not grown very much since FY 2008 and the trend line overlaid onto the collections line roughly mirrors the linear growth of this revenue. Sales taxes reflect the general economic environment of the State. This historical graph begins about where the recession started and grows slightly each year. Economic conditions can immediately impact this revenue stream. For FY 2024-25, we are forecast to receive an increase of 1.96% or \$24,129.00.

New Construction:

During the first three years of the City's existence, real estate development made a significant contribution to the City's growth. Like other governmental sectors, we have shared in the signs of strain by noticing reduced growth from 2008 to 2014. During these years, activities relating to zoning, development, planning, building plans review, permits, and inspections decreased. With development initiatives established in 2015 and continued infrastructure improvement, we have realized significant increases in new construction activities, hence increases in new construction value. With infrastructure improvements and community development opportunities and building department activities continuing to increase during the current year, the construction value increased in 2023-24 by 62.4%.

Code Enforcement Lien & Accrued Fines Amnesty Program

From 2007 to 2012, the City issued approximately 142 residential and commercial code violations resulting in over \$7.5 million in liens and daily accrued fines outstanding. While a significant number of the warnings, civil violations, and daily fines prompted property owners to remedy the conditions and come into compliance, many violations remain unaddressed and lien amounts or fines continue to accrue daily. To address the growing liens and accruing daily fines, the Code Enforcement Lien and Accrued Fines Amnesty Program was established. The program waives 85% of accrued fines, if the property is immediately brought into compliance. Since establishment, the program continues to achieve the goal of compliance and serves a public benefit by increasing property values throughout the City, while generating 15% of the accrued fines as additional revenue. The illustration here shows the revenue generated from the program since 2012. The chart shows that we have generated a total of \$1,202,225.60 in revenue since the program started. This represents a total of \$537,328.18 (and growing) in average market value after amnesty, for 148 properties.

Business Tax Receipts

From July 2023 to July 2024, we have seen a 13.63% increase for a total increase of 105.2% from the first year the City started the business tax receipt process. With the increase in businesses and licensed professionals required to pay occupational license fees, we anticipate a slight percentage increase in business tax receipts revenue for Fiscal Year 2024-25. We intend to continue the "sweep" next year. The illustration below shows the 13.63% increase experienced in FY 2023-24.

Grants

For the past twelve years, revenue from grants has played a role in funding infrastructure projects and service programs. This year, grants will play a major role in the budget again with projected funding of \$11,768,638.00 (or approximately 33.4% of the City's total projected revenue). It should be noted that the grant funding for infrastructure is a multi-year activity and their funds will be used over multiple years.

FUNDING SOURCES:

Florida Department of State

This funding is a result of a funding application and presentation to the State of Florida for \$500,000.00 to develop a cultural facility. The development will include a mini-amphitheater with appurtenances necessary for the theater to function. To date, the design and construction documents have been completed. Plans are ongoing to secure authorization to commence construction on the property.

Community Development Block Grant

With a total projected revenue of \$409,792.00, these funds are being used for the Infill Lots Development Program, Mini-Amphitheater bathroom, and City-wide sidewalk repair initiatives. The City awarded five (5) vacant lots for the development of affordable single-family homes for low/moderate income families. The funding from the Broward County Community Development Block Grant Program is being invested at \$20,000.00 per lot to assist with pre-development activities. Over \$200,000.00 are scheduled to be used for citywide sidewalk repair phases II and III.

Transportation Surtax Fund

In November 2018, Broward County voters Adopted a 30-year one percent surtax for transportation. The first distribution of surtax revenues was received by Broward County from the State Department of Revenue in March 2019. Cities were then required to submit funding requests for transportation projects. So far, the City has been successful in securing funding awards for the following fourteen projects:

• State Road 7 Pedestrian Lighting:

Florida Power & Light has started the construction phase activities needed to install approximately 42 pedestrian streetlights along State Road 7 between County Line Road and Pembroke Road. Groundbreaking is tentatively scheduled to commence before the end of the first quarter of FY 2024-25.

• SW 48th Avenue Complete Street Improvement:

This project consists of roadway design activities to upgrade the corridor from County Line Road to Pembroke Road. The proposed improvement will include bike lanes, sidewalk, roadway resurfacing, traffic calming devices and pavement marking. This design phase is completed. The construction phase has been allocated at \$3,080,000.00.

• SW 21st Street Complete Street Improvement:

This proposed improvement corridor includes State Road 7 to SW 40th Avenue. The improvement will include a drainage system upgrade, bike lanes, sidewalk, repairs, traffic calming device, asphalt resurfacing, and pavement marking. The design phase is completed. Funding for the construction phase has been allocated at \$1,769,672.00.

• County Line Road Traffic Calming Complete Street Improvement:

The County Line Road Traffic Calming Complete Street Improvement Project from SW 56th Avenue to US 441/SR7 consists of roadway improvements to facilitate bike lane connectivity and traffic calming along with associated milling/resurfacing and pavement marking, sidewalk, curb and gutter, drainage adjustments, and swale improvements along the north side of County Line Road. Following three cycles of funding application submittals, surtax funding has been Adopted for both design and construction phases for this project at \$1,466,129.00.

U.S. Housing & Urban Development (U.S. HUD)

In May 2022, the commission authorized the submission of a funding application for the Cultural Facility Development at McTyre Park. The funding request was submitted as part of the City's Federal Appropriation Request, via Resolution 2022-77. The project includes the development of a cultural center with gymnasium. The cultural center will be used for cultural events and programming, while the gymnasium will be able to host large scale activities and day-to-day competitions and recreation events. Through the U.S. HUD, the City was awarded \$3,000,000.00 for the project.

Broward Redevelopment Program

In 2013, the City adopted a resolution that established an area that meets the blighting conditions as described in Chapter 163, Part 111, Florida Statutes. With such declaration, development and infrastructure projects within the defined area qualified for funding through a competitive process. This opportunity brought in \$452,000.00 funding for the acquisition of one of the properties acquired from FDOT along State Road 7.

Children's Services Council

After three consecutive years of meeting and exceeding our funding commitment under the Youth Force Initiative, the City's funding was increased from \$73,806.00 per fiscal year to \$300,000.00 in the last two years for the year-round Youth Force Program and the Summer MOST Program. Since the programs started, over 500 children have been serviced. We are projected to receive \$224,443.00 funding this year.

Florida Department of Elder Affairs

This year, in partnership with Florida Department of Elder Affairs and the Areawide Council on Aging of Broward County, members of our Senior Program will benefit greatly from additional resources from the State's Local Service Program (LSP). The LSP provides funding to expand long-term care alternatives enabling elders to maintain an acceptable quality of life in their own homes and avoid or delay nursing home placement. The LSP provides community-based services to preserve elder independence, support caregivers, and target at-risk persons. Our LSP will assist elders to live in the least restrictive environment that meets their needs through the provision of congregate meals, education, recreation, and transportation. The City's funding allocation increased to \$400,000.00 this year.

Law Enforcement Trust Fund

Law Enforcement Trust Fund (LETF) contains funds awarded to the City Law Enforcement district as a result of successful forfeiture litigation in State court and participation in the Federal Assess Sharing Program. The LETF funds can statutorily use for programs such as, Crime Prevention; Safe Neighborhood; Drug Abuse Prevention and Education; and for other law enforcement purposes. For the past couple of years, funding from the State Department of Juvenile Justice (DJJ) provided funding for the City's Youth Crime Prevention Program, thus allowing the City to administer the programs with required funding. For FY2024~2025, the Governor vetoed the City's funding from the State DJJ for the Youth Crime Prevention Afterschool /Out-of-School and recreation programs. Considering lack of funding from DJJ for FY2024~2025, necessary approvals have been secured from the City's law enforcement department and the commission to use the \$190,000.00 for FY2024~2025 youth crime prevention programs.

Florida Recreation Development Assistance Program

The Florida Department of Environmental Protection's Land and Recreation team administers grants to local governments through the Florida Recreation Development Assistance Program (FRDAP). This competitive, reimbursement grant program provides financial assistance for acquisition or development of land for public outdoor recreation. For FY 2024~25, the City have been awarded \$50,000.00 for improvements at Mary Saunders Park.

American Rescue Plan Act:

This congressional bill provided additional relief to address the continued impact of COVID-19 (i.e., coronavirus disease 2019) on the economy, public health, state and local governments, individuals, and businesses. In early 2022, the U.S. Department of Treasury released the Final Rule regarding the use and accountability of the Coronavirus State and local recovery funds. The final rule became effective on April 1, 2022. The final rule made a significant change regarding a section of the "Interim Final Rules" that is favorable to the City. The new final rule allows for a "standard allowance" for revenue loss (31 CFR Part 35, RIN 1505- AC77, Part II, Eligible Uses, Subpart C, Revenue Loss). The standard allowance for revenue loss portion of the grant is \$10 million, which is less than the City received from the grant. As a result, all the City's grant money (ARPA funds) can be used for "services traditionally provided by... government...". On March 2nd, 2022, via resolution 2022-48, the Commission revised resolution 2021-148 to reclassify the City's ARPA funds under the loss revenue category to reflect the final rule, thus allowing adjustments to fund more projects, services and programs. During the FY 2022-23 year, we continued to embrace the additional workload of administering and managing the American Rescue Plan Act (ARPA) projects and programs, in the spirit of providing much needed assistance to households and providing benefits to residents. For FY 2024~25, our original plan to use ARPA funds for the McTyre Amphitheater construction has been altered. ARPA grant rules require the funds to be obligated or spent by December 30, 2024. Because construction permit approvals with the Miami Dade School Board may extend beyond that date, we have, in an abundance of caution, decided to utilize that same amount from ARPA to fund the Police Department expenses. This will allow us to spend the ARPA funds with certainty by December 30, 2024. This will free up the same amount in the General Fund and the Amphitheater is now budgeted in the General Fund and not the ARPA fund as originally planned.

Summarized list of the ARPA funded projects, services and programs include:

• Mental Health Initiative:

The City launched the West Park Families Matter Program through Memorial Health Systems (MHS). Comprehensive services are provided to residents (youth and families) exhibiting multiple risk factors to include substance misuse, family conflict/stress, behavioral issues, financial issues, unemployment/underemployment, and family management problems. The services being provided include parenting skills, solution focused therapy, and mobile case management. This initiative is funded from the American Rescue Plan Act.

• Mitigation & Prevention Program:

After our Covid-19 Mobile Door-to-Door Vaccine Initiative that helped educate over 4,332 residents and vaccinated 495 people (both residents and non-residents), we continued investing in our vulnerable population (seniors and youth) by purchasing two 15-passenger vans that are being used to provide access to medical and recreational services for our seniors. The vans are also used to assist with transporting our youth to after-school and out-of-school activities. This program also focused on capital investment in our public facilities to meet pandemic and post-pandemic operational needs, including improvement to buildings at both Mary Saunders and McTyre Parks; improvement to technology equipment at all City facilities; and park field rehabilitation.

• Home Repair & Weatherization Assistance:

In a continued effort to improve the existing housing stock in the City, the City was able to assist an additional thirty-two (32) households in funding home repairs. In this Fiscal Year, \$91,215.00 has been expended in ARPA funds for minor home repair, for a total of \$121,125.00 so far with combined funding (including \$30,000.00 allocation from the General Fund).

Small Business Assistance:

Since the funding started, ARPA funds were used to assist local businesses that have experienced business-related financial losses during the Covid-19 pandemic. The program assisted ten (10) businesses for a total of \$110,000.00. In addition, in collaboration with SCORE Broward Organization, Entrepreneurial Training Seminars were held to assist aspiring local entrepreneurs. The goal of the initiative is to increase small business development opportunities while assisting with stimulating the economy.

Public Safety

In an effort to continue investing in public safety and with the opportunity to properly align our level of service needs and manpower, we created a minimum road patrol unit to continue addressing a variety of quality of life issues; established a detective unit to be responsible for investigating all property crimes; and community service investigative aide positions were also created to assist sworn law enforcement personnel in non-violent criminal offenses. The ARPA funds will assist with funding this much needed service for three fiscal years.

• Investment in the City's Infrastructure

Funds from ARPA were allocated and used for much needed infrastructure improvements, to include SW 25 Street Complete Street Improvements; SW 40 Avenue & SW 39 Street Traffic Circle Rehabilitation; Mary Saunders Park Athletic Field Improvements; Pavement and Draining Repair at County Line Road; City Sidewalk Repair; Parks Tennis and Basketball Courts Rehabilitation; Mini-Amphitheater Bathroom Design; and County Line Road Improvements East of SW 40th Avenue.

The following table shows the American Rescue Plan Act Projects & Programs Funding Plan.

EXPENDITURES OVERVIEW:

The Adopted Fiscal Year 2024~2025 budget consists of multiple funding sources for a total of \$35,148,085.00. It should be noted that \$11,140,616.00 of the total budget is from grants for infrastructure projects to be performed over the next five years. The following are the budget's multiple funding sources:

^{*}Some ARPA Fund and Social Services Grant are included in this fund.

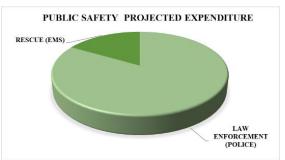

Following are some highlights of the expenditures:

Impact of Public Safety (Police & EMS cost) on Ad Valorem Tax Rate:

In 2007, the City executed an agreement with Broward Sheriff's Office (BSO) to provide both Police & Fire with Emergency Management Services (EMS) services. Like other cities in Broward County with BSO services, the City has very little or no control over the budget submitted annually by BSO. The cost of Police services increased by 5.27% (or \$401,191.00) over the last year. The Adopted FY 2024~25 cost of Police and EMS services combined is approximately 18.1% (or \$1,473,967.00) more than ad valorem. To assist with funding, the additional expenses, fund balance from prior year and the American Rescue Plan Act (ARPA) standard allowance fund was allocated.

Continued Economic Development Initiative

During the Business Advisory Committee's meeting in March 2014, I initiated discussion on recommending a Small Business Assistance Program to the Commission. The program was later adopted by the Commission. The program became what is now named the small business "Mom & Pop" Grant Program. To date, we have issued several grants to small businesses within the City while keeping residents employed. In our continued efforts to assist small businesses and further improve our economic base, we have allocated funding to continue this program in FY 2024-25.

Personnel Cross-training / Development

Like other small cities, this budget is prepared to allow for continued cross-training of staff and to ensure staff's flexibility to perform multiple functions as in prior years. Recognizing that the City's stability and continued growth have been shouldered by our employees even during the nation's economic downturn and Covid ~19 period, I have budgeted for an across the board two percent (2%) cost of living adjustment and up to three percent (3%) additional performance/merit adjustment for a total of five percent (5%).

This budget provides the financial outlines and basis for the Fiscal Year 2024-25's activities. Since incorporation, the City's elected officials and staff have provided exemplary services to the community, solidifying the vision that West Park is a high quality, vibrant residential community with an excellent government and stable finances. The strategies used to develop this budget embrace those core principles. This budget also serves as a policy document that represents our continued commitment to prudent fiscal management for effective service delivery, and supports an affordable quality of life for our residents.

Through the years, policy decisions that have been made and implemented have all focused on the furtherance of the primary objective to provide the highest standard of municipal services. To continue building on this objective, we recognized the need to regroup this summer in order to focus on administrative team building through customer service training, team building, and to improve communication. During the summer team building activities, staff members expressed slogans and words that represent their successful experiences. "Bring today to work every day"; "Keep up the good work"; "You are making changes"; and "Your job means something to everybody". To continue building on our success, in Fiscal Year 2024-25, we plan to focus on the values **Understanding, Nurturing, Interaction, Thoughtfulness, Yielding (U.N.I.T.Y).**

nderstanding: the power to make experience intelligible by applying concepts and categories, with the adjective of compassionate - marked by kindly or pleased appreciation

urturing: To help the growth and development with kindness. A type of behavior marked by acts of generosity, consideration, and rendering assistance or concern for others, without expecting praise or reward in return.

I nteraction: with the concept of communication, a process by which information is exchanged between individuals through a common system of symbols, signs, or behavior. To build the City's credibility by providing well planned, high quality, professional and consistent communication.

houghtfulness: Being constantly aware of your words, actions and even your thoughts. This ensures that you make wise decisions, develop your inner vision, and listen to others, so that there will be clarity and peace.

Y ielding: In the spirit of generosity, yielding is an act of being kind, selfless, and giving to others. Despite being an act that is done to benefit others' well-being, generosity also paradoxically increases our well-being. Be productive, flexible, or disposed to submit or comply.

In closing, after the review of all departments and programs, I am confident that the City's financial resources are being maximized. This Adopted Budget represents \$23,084,617.00, in general funds; \$16,435.00 in Twin Lakes Special Revenue Fund; \$649,763.00 in Storm Water Special Revenue Fund; \$46,654.00 in American Rescue Plan Act Fund; \$210,000.00 in State Law Enforcement Fund; \$4,651,792.00 in Multiple Grant Fund; and \$6,488,824.00 in Transportation Surtax Grant Fund for a total of \$35,148,085.00. This Adopted Budget is balanced and sufficient to meet this year's planned operational goals. On behalf of all our employees and extended services providers who proudly serve our

City, we are poised to continue to provide ethical, efficient, and high-quality service through Understanding • Nurturing • Interaction • Thoughtfulness • Yielding (U.N.I.T.Y).

My sincerest thanks to the entire City staff, with whom I have had the honor of preparing fifteen (15) budget books; they have been creative and professional documents for a truly exceptional City. As I've communicated to each of you on several occasions, the work and dedication that West Park employees continue to exemplify is inspiring and motivates me. A special appreciation to our Finance Department team (Risa Wallace and Christopher Wallace); Superintendent of Administrative Services, Maritza Prebal; City Clerk/Public Information Officer, Alexandra Grant; and Human Resources Specialist, Arklynn Millien, for their assistance in the development of this budget document.

Respectfully Submitted,

CAPITAL IMPROVEMENT PLAN (CIP) & TRANSPORTATION IMPROVEMENT PLAN (TIP)

This brief synopsis of the Capital Improvement Plan (CIP) and Transportation Improvement Plan (TIP) for Fiscal Years 2023-2024 through 2028-2029 serves as public policy regarding the long-range physical development of the City. These plans are "living" documents. While most of the following projects are not funded in this fiscal year, the plans will focus on preserving the investment of the City's infrastructure while ensuring the efficient use of public funds:

• AMPHITHEATER CULTURAL CENTER AT MCTYRE PARK:

This activity involves phased development of a facility that will include a cultural center, community center, gymnasium, football/soccer fields, parking areas, and a community pool. The theater (mini-amphitheater) will accommodate cultural events and programming, while the athletic facilities will be able to host large scale and day-to-day competitions and recreation events. Special Needs programming will be of specific concern to make the facility entirely ADA accessible.

• SW 36 STREET TRAFFIC CALMING IMPROVEMENTS FROM SW 32 TO SW 48 AVENUE:

As part of the Neighborhood Traffic Calming Study Area "C", this project involves installing traffic calming devices along the subject corridor to alleviate speeding concerns. The traffic calming devices that will be considered include speed tables, speed humps, circles and other devices deemed necessary.

• SW 48 AVENUE COMPLETE STREET IMPROVEMENTS:

This complete street improvement project consists of a roadway upgrade and mirror re-alignment from County Line Road to Pembroke Road. This approximately 1.5-mile corridor improvement will include bike lanes; improved sidewalks with complete connectivity; adjustment to the drainage system; roadway resurfacing; landscaping; and pavement marking.

• NEIGHBORHOOD TRAFFIC CALMING IMPROVEMENT AREA "A":

This project involves the implementation of traffic calming devices in the Miami Gardens section of the City. As part of our Traffic Calming Study Area "A", staff is recommending speed tables on SW 59 Terrace, between Thomas Road and Virginia Road, as recommended in Phase "2" of the study performed by our engineering consultant, Kimley-Horn. An additional area of concern brought to our attention from residents is on SW 40 Court, between SW 56 Avenue and SW 58 Avenue. Phase "1" of the study recommends a speed table on the roadway to alleviate speeding.

• NEIGHBORHOOD TRAFFIC CALMING IMPROVEMENT AREA "B":

This project involves the implementation of a traffic calming plan that will address cut-through traffic congestion and speeding issues within Neighborhood Area "B". High levels of speeding cause safety hazards for residents, pedestrians, and motorists. Therefore, the City has need for a conceptual plan that will foster pedestrian refuge, curb extension, raised crosswalk, street humps and bumps, traffic circles, and reduction diverters.

• NEIGHBORHOOD TRAFFIC CALMING IMPROVEMENT AREA "C":

This project involves the implementation of a traffic calming plan that will address cut-through traffic, congestion and speeding through the Area "C" Neighborhood.

• SW 21ST STREET COMPLETE STREET IMPROVEMENTS:

In an attempt to implement the Neighborhood Traffic Calming Study Area "B" recommendations, this is a complete street improvement project that will include the installation of traffic calming devices from State Road 7 to SW 40th Avenue. The improvement will also include drainage systems upgrade, bike lanes, sidewalk repairs, resurfacing and pavement marking.

COUNTY LINE ROAD EXTENSION:

This project consists of the extension of County Line Road from SW 32nd Avenue to I-95. This project will provide much needed mobility and connectivity from the Florida Turnpike (I-821) at SW 27th Avenue to I-95. The extension will provide development opportunity along the corridor, thus creating jobs.

PURCHASE OF A FIRE TRUCK:

This activity involves the purchase of a fire truck to be used for fire suppression for residents and businesses within the City. The purchase of this vehicle will replace the aging equipment presently being used by Broward Sheriff's Office Fire Department. A new fire truck will also improve response time to residents and businesses within the City in the event of fire.

• PURCHASE OF UTILITY TRUCKS FOR PUBLIC WORKS SERVICES:

The vehicles will be utilized for daily services to include hauling supplies, disaster relief duties, and removing items from right-of-ways. The vehicles will also be used to move heavy items such as pumps, generators, etc.

PURCHASE OF RECREATION VANS FOR YOUTH & SENIOR PROGRAM SERVICES:

This activity includes the purchase of two transportation 15-passenger vans for the Parks and Recreation Department use for after school, youth sports, and senior programming activities. The growth of these programs has greatly increased our transportation needs. Our current fleet is not efficient anymore and we need more vehicles to accommodate increasing program needs.

• PURCHASE OF UTILITY BUCKET TRUCK FOR PUBLIC WORKS SERVICES:

This activity involves the purchase of a used bucket truck for the Public Works and Parks and Recreation Departments for use in pruning tree limbs, replacing lights, and reducing outside labor costs. This vehicle will be used during times of disasters such as hurricanes, floods, etc. It will also be used to remove trash and will help reduce slum and blight conditions.

• STATE ROAD 7 PEDESTRIAN LIGHTS:

The project consists of the design and installation of forty-two (42) pedestrian streetlights along State Road 7 between County Line Road and Pembroke Road. The current roadway widening does not account for pedestrian (sidewalk) lighting along the east side of the State road. The project will prevent potential safety concerns along the corridor.

• SW 52ND AVENUE IMPROVEMENT:

This complete street improvement will provide connectivity with bike lanes, improved sidewalk, and adjustment to drainage system, road resurfacing, streetlights, and pavement markings. The Adopted improvement corridor will be SW 52nd Avenue from SW 25th Street to Pembroke Road.

• CITYWIDE DRAINAGE IMPROVEMENTS:

The activity consists of the procurement of engineering services and construction of Citywide drainage improvements in the conformance with the City's Storm Water utility requirements and to address sea-level rise. The project will also eliminate existing sporadic drainage problems in an effort to provide a safe community for the City residents. The project also meets the EPA-NPDES Municipal permit of operating the Storm Water system.

• SW 37TH AVENUE & SW 39TH STREET TRAFFIC CALMING:

This project consists of the installation of a traffic-calming device at the intersection, to include regrading, drainage system adjustment, roadway rehabilitation, and pavement marking.

• COUNTY LINE ROAD IMPROVEMENT:

This project consists of drainage improvement to the north side of County Line Road, sidewalk, curb and gutter adjustment, roadway resurfacing and pavement marking. The Adopted improvement corridor will be County Line Road from SW 48th Avenue to US 441 (State Road 7).

SW 27TH STREET & SW 42ND AVENUE TRAFFIC IMPROVEMENT:

This project consists of the installation of traffic device elements at the intersection to calm traffic. The improvement will also include applicable drainage system adjustments; roadway rehabilitation to include regrading and resurfacing; pavement marking; ADA accommodation; sidewalk connectivity, and minor sod replacement.

WAY FINDING SIGNS:

The purchasing and installation of approximately thirty wayfinding signs throughout the City within public right-of-ways. This activity is intended to provide safety for residents.

ROADWAY RESURFACING PROJECT ~ MIAMI GARDENS (LYNN PARK):

This project consists of milling and resurfacing of several residential roadways within the Lynn Park area of West Park. The area to be resurfaced is bordered on the north by SW 36th Street; on the south by SW 38th Court; on the east by SW 54th Avenue, and on the west by SW 56th Avenue.

• ROADWAY RESURFACING PROJECT ~ CARVER RANCHES (LITTLE LA):

This project consists of milling and resurfacing of several residential roadways within the Little LA area of West Park. The area to be resurfaced is bordered on the north by SW 25^{th} Court; on the south by SW 28^{th} Street; on the east by SW 53^{rd} Avenue, and on the west by SW 56^{th} Avenue.

• ROADWAY RESURFACING PROJECT – MIAMI GARDENS (AREA A):

This project will require milling and resurfacing of several residential roadways within the Miami Gardens area (Area A) of West Park. The area to be resurfaced is bordered on the north by SW 36th Street; on the south by County Line Road; on the east by SW 56th Avenue; and on the west by SW 58th Avenue.

• ROADWAY RESURFACING PROJECT ~ TWIN LAKES (AREA A):

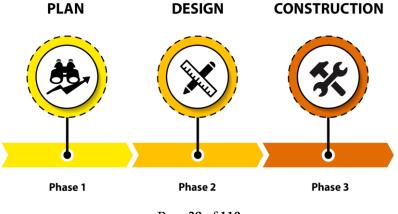

This project will require milling and resurfacing of several residential roadways within the Lake Forest area (Area A) of West Park. The area to be resurfaced is bordered on the north by SW 36th Street; on the south by County-line Road; on the east by SW 40th Avenue; and on the west by SW 48th Avenue.

CITYWIDE SIDEWALK REHABILITATION PROJECT:

This projects consists of repairs to existing deteriorated sidewalks in specific locations throughout the City and sidewalk/greenway repairs include repairs to meet ADA standards.

• TRAFFIC CALMING REHABILITATION PROJECT:

The project consists of pavement marking restriping/traffic calming restoration activities along SW 32nd Avenue, Harvard Road and SW 44th Avenue. The project includes restriping of existing, damaged roadway markings including speed hump restoration.
